Division of Biology and Medicine

PROGRESS REPORT TO THE JOINT COMMITTEE ON ATOMIC ENERGY,
JUNE THROUGH NOVEMBER 1953.

SYMBOL: BMA:FL

BEST COPY AVAILABLE

The General Manager has requested that draft material for the Progress Report to the Joint Committee on Atomic Energy be submitted for Commission approval by OCTOBER 23. In order for our office to meet this deadline, your submissions are urgently required before the end of this week (October 16).

The report will cover the period June through December, 1953. In general, it includes classified material, but may also contain unclassified items. To avoid duplication, items listed in the forthcoming fifteenth semiannual are not included unless of significant importance to material in the report. A list of suggested items will be furnished you by Miss Laner of material in the current period. Some of the items on the list have been received from the field and will require Branch concurrence. Additional items not currently reported should be submitted to conform with the due date above.
